

>>>>>> rafting slide

The Rafting Slide offers the missing link in the long chain of the Klarer waterslide range. Situated precisely between the conventional slide and the Crazy River.

The Rafting Slide has an element width of 140cm and uses single or double rings for the slide.

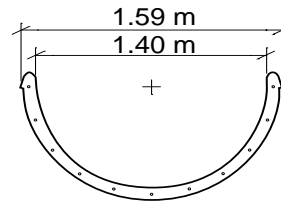

The Rafting Slide, also known as the tyre slide, brings even more pep to the mountain of slides, making every complex even more spectacular.

Rapid, splashy and non-stop through to the gentle landing in the safety run-out.
